Product description

Posidonia is environmentally friendly produced salt that contains all the essential minerals and trace elements from the sea. Posidonia has been designed to help food manufacturers **reduce the sodium level** in their products without sacrificing on taste or texture.

10% sodium reduction

- **Reduce** the amount of crystal **salt by 20%** (i.e. 8g instead of 10g)
- Replace by **double the amount of Posidonia** (i.e. 4g of Posidonia)

25% sodium reduction

- **Reduce** the amount of **crystal salt by 50%** (i.e. 5g instead of 10g)
- Replace by **2,4 times the amount of Posidonia** (i.e. 12g of Posidonia)
- Eventually, **reduce the amount of water accordingly** (i.e. 9,6ml of water less)
